REPLACEMENT DRUMS FOR ALL PLASTIC DISC PICKERS

Our new Hi-Tech material and design makes replacing broken discs obsolete. These new discs save you time, labor and continual replacement cost.

Installation time is approximately five minutes per drum section. Please specify manufacturer of your range picker when ordering. Request our price list for specific part numbers—or just give us a call.

Merchandise return policy:

No return will be accepted without a return authorization number.

Any product returned without prior authorization will be refused.

There is a minimum 15% handling and re-stocking charge . All returns must be freight prepaid.

Derone Enterprises retains title to all merchandise until paid in full.
